MEMORANDUM FOR: Colonel [REDACTED] USA

SUBJECT: Sanitization of CHES Photographs of
the Middle East (S)

REFERENCE: Your memorandum TS(T) 2317, Subject as
above, dated 10 September 1957

The request contained in the referenced memorandum is hereby approved subject to the following limitations:

A. Single vertical exposures, enlarged and cropped, to remove fiducial marks and original borders so as to prohibit recovery of the photographic principal point of the exposure, would be used.

B. Source would not be indicated and the date indicated by the year only. In order to prevent undue attention to the materials, format and labeling will correspond in all possible respects to standard Army procedures for existing material of this type.

C. The sanitization will be accomplished by Talent cleared personnel and the resultant product classified SECRET/NOFORN/CONTINUED CONTROL for limited dissemination. "CONTINUED CONTROL" is understood to mean:

"Information may be used in only that finished intelligence which bears the same controls as the information itself."

D. It is understood that dissemination of the "Sealed Packages" cited in your request will be made via Army - USAREUR TALENT Control Officers to the Commanding General, U.S. Army, Europe, for emergency distribution at his discretion to the Commanding Generals of the major commands, separate commands and specially designated Task Forces, USAREUR. When
